Calgary Capitalists Blanket Wetaskiwin District

Edmonton People Excited and Plunge Into Speculation.
One Company Sells 8300 Shares.

Excitement over the oil situation in the province, already at a high point, almost reached fever heat in Edmonton yesterday when it became known that a syndicate of Calgary capitalists made a swoop on the land office yesterday morning and blanketed with oil leases eighty sections of land a few miles west of Wetaskiwin. This district was favorably reported on by Cunningham Craig as bearing excellent oil indications. The total amount of fees paid to the land office officials was \$12,400.

The intentions of the syndicate have not been made public, but it is understood that they intend to start drilling in a short time. The presence of gas in the Wetaskiwin district has already been demonstrated and the members of the syndicate are jubilant as to the oil prospects.

Edmonton, following the earlier example of Calgary, was all mad yesterday. A careful canvass by the Bulletin last night revealed the fact that approximately one hundred thousand dollars' worth of shares were purchased yesterday. There was nothing to indicate a financial stringency. Pure struts were loosened up, savings accounts were drawn upon, and money was obtained from every available source and poured into the waiting coffers of the firms having oil leases for sale.

The scenes outside the offices of the oil brokers reminded one of the rainy days of the real estate boom. A feeling of optimism was in the air. People talked one more of big profits and quick returns. And all the while the brokers' offices were crowded, the permitting salesman having a hard time to keep up with the rush of orders. Even at a late hour last night, long after the usual hour of closing, customers were waiting, willing to wait, their heads on their hands, for the next batch of permits without taking a plunge in the sea.

WINS GOLD MEDAL

Wetaskiwin is again to the front at the Seventh Annual Provincial Musical Festival being held at Edmonton this week. At the time of going to press the only Wetaskiwin competitor has been Mrs. H. J. Montgomery, and she was successful in winning the gold medal as Soprano soloist, and also the second prize for sight singing. The McDougall Shield for male choruses was won by the Undenominational Choir of Edmonton, led by Claude Hughes. There were four contestants for this prize, among the number a chorus from Calgary composed of forty-two voices of which thirty were Wetaskiwin. Among the events yet to be heard in which Wetaskiwin has entered, are:

Mixed Quartette—Mesdames Montgomery and Pocock and Father Matthews and Claude Hughes.
Ladies Trio—Mesdames Montgomery and Pocock and Miss Helen Chandler.
Soloist—Miss K. Ramsey.
Junior Piano—Miss Ivy Ramsey.
Referring to Mrs. Montgomery's popular win, the Bulletin says:

"The soprano soloist's competition which came last in the afternoon, brought the first out-of-town winner Mrs. Montgomery of Wetaskiwin, carrying away the gold medal offered with a score of 76 points. Mrs. H. Montgomery was a contestant and prize winner last year also. Miss Lilian Cline, of this city, however, was a close second, falling just one mark behind, her score being 75 points. The judges remarked that the competition was close all through—there were nine entries—and that the winner possessed an excellent quality of voice. The criticism offered was that some of the singers appeared to catch the subtle rhythm of Chaminade's 'Summer'—a difficult piece—although Mrs. Montgomery came closest to it. The other number retained was 'Rejice Greatly' from Handel's Messiah."

Baseball Season Opened

Dodgers and Hotelmen Play Tie Game. Each Pitcher Strikes Out Eleven. Wholesalers of Edmonton Here Monday for Double Header.

The opening game of the Wetaskiwin City Baseball League was played on Wednesday evening, Mayor Elms officially opening the league by throwing the first ball over the plate. The game was a first class exhibition especially as it was the first game of the season and no practicing to speak of had taken place.

Owing to the late start only six innings were played and ended in a 3-3 tie. Both pitchers were in fairly good shape and each had eleven strikeouts to his credit.

Judging from the class of ball put up last night the citizens will be fired in the city last week from the season.

The boys played ball all the time and were all through the game. Donnelly of the Dodgers was the bright particular star, getting two six hits out of three times up and catching a good game. The Hotelmen played a good, around game without a really apparent weak spot. When the Dodgers strengthen up a bit, the Hotelmen will be in a position to win a number of good games this season.

Town Topics

J. H. Knight made a business trip to Ponoka on Tuesday evening.

Jca. Tra was at the Capital this week in charge of a consignment of stock.

Mrs. J. E. Henderson of Edmonton came down on Monday to spend a few days with relatives and friends attending the meeting of the representatives to the Wetaskiwin district meeting.

Mrs. E. T. Williamson and daughter went to the Capital on Wednesday afternoon to spend some time visiting her sister, Mrs. Dr. Conroy and other friends.

Justice of the Peace Strain on Monday charged with violating a consignment of stock.

As the J.P. sent him up for trial. As he was unable to procure bail in the city, he was accompanied north on Wednesday afternoon by Corporal 100 Michel.

Wetaskiwin district farmers are busy. Although many are through rearing and in many places the wheat is well above the ground, it cannot be truthfully said, as some newspaper carried to excess in the endeavor to put it strongly, that as yet the seed drills are hauled out of the fields to repose for another seven months in the tranquil solitude of the machinery shed. True, the wheat is practically all in, but the farmers everywhere are busy, and all intelligent farmers are at this time of the year putting the completing touches on the cultivation of the field and getting the oats and hay in.

The wheat in many instances is well above ground and shows an excellent stand. The soil is in grand condition this spring for working, there is an ample supply of moisture and there is plenty of warm sunshine coming within the next three months all of which augurs well for the forthcoming 1914 harvest.

Oil Struck at Dingman Well Near Calgary

Experts Claim It Is Highest Quality in World. Great Excitement Created and New Companies Being Formed Daily.

Calgary, May 15.—Oil has been struck in what is believed to be commercial quantities at the Calgary Petroleum company's well, commonly known as the Dingman well. The first flow was encountered last evening and at noon today the oil is stationary at a depth of 1,500 feet and although bailing has been continued, the fluid remains at the same level.

Excitement over the oil situation in the city continues to grow, and petroleum are heaped at the doors of the various agencies selling stock in the oil companies to hold the crowd in line.

It is estimated that more than a million dollars has already been put into stock of the various companies drilling, or about to drill, and the development work will now go forward with lavish activity.

Meanwhile, other companies are organizing on various leases that have been held since last October and the whole country within a radius of forty or fifty miles of Calgary will be spotted with prospecting oil wells within the next three or four months.

Among the companies that had a record breaking business in selling stock yesterday, was one which purports to drill on a fraction directly adjacent to the Dingman discovery well, being about 2,000 feet west of that well. This new location through the people in by thousands and the company has already laid in sufficient funds to carry on its prospecting work for a long time to come, if necessary.

Others, also in the drilling class had to fight away purchasers of the stock last night, when the doors were closed.

The unlimited manner in which the funds came pouring into the oil companies' offices yesterday, was amazing even to the directors and managers of the companies themselves. It was a clear exhibition of the fact that the Calgary public has been captivated by awaiting the announcement of something more definite before putting its money for development of the district.

Most of the oil companies are honest enough to make it plain that the speculation is a wild gamble with wealth of the best, if successful, but no assurance that they will strike oil other than that the Dingman company has already proved that oil is in the district.

None of the stocks are listed. The prices rise automatically, and vary from thirty-five to over \$100 a share to \$200. Companies selling the most stock have not yet commenced to drill.

Mr. Brown, driller at J. H. Brown & Co., telephoned the Alberta oil company, that he had struck oil at a depth of 90 feet in the air. A temporary pipe line had been laid and the oil baled out of the well had been run through the pipe line. In four hours they had baled 900 gallons of oil out of the well, and the oil in the well was at practically the same level as it had been on Saturday, namely 2,000 feet.

The well of the oil baled out in four hours was 120,50, there being 20 gallons of oil to the barrel, and the barrel being worth \$3 at the mouth of the well.

A tremendous business was done by the various brokers in the city yesterday in the selling of shares in oil companies. Several new companies were on the market, and hundreds of persons struggled to buy shares at low prices. Shares in a number of the leading companies increased in value, and altogether the excitement over the oil strike is becoming greatly daily—Alberta, May 20.

EFFECTIVE DEBTS

LAW IS REQUIRED

Calgary, May 6.—During the course of an all address delivered before the delegates to the convention of the Retail Merchants' association at Calgary, Major Duncan Stuart explained the small debts legislation which business men of this province are urging the provincial government to pass. He showed the retailers where the present legislation was ineffective, and pointed out just what amendments would be necessary in his opinion to protect the merchants as much as possible from unscrupulous buyers.

The machinery provided for the collection of small debts in the province of Alberta today, he said, was an absolute failure. As an improvement on the present system he recommended that the long delay in securing a judgment against a debtor be done away with, that a small debt court be established for the purpose of trying small debt cases summarily, that a proper law for the seizure of wages be put into effect and that in the case of certain debts incurred by homeowners for necessities, the creditor be given the privilege of seizing the man's household under certain restrictions.

The speaker did not favor the establishment of the judgment summons method, such as is in force in Ontario.

Representatives of the Retail Merchants' association, and the Calgary Board of Trade, J. H. Glavin, the president of the Alberta Board said, had interviewed the authorities at Edmonton on the new cause which suggested legislation which would protect the business man against the unscrupulous buyer. Those representatives had been assured that legislation of the nature suggested would be introduced at the next session of parliament.

Major Stuart stated that the machinery for the collection of small debts in the province was inadequate. It had been said that it would be a costly matter to provide the machinery which would make it easy to make collections but this was not the case.

"As a remedy for this state of affairs," he said, "I would suggest that the debtor who refuses to pay after judgment has been rendered against him should be brought before a judge and examined as to the money he carries on his person. If he has none, the judge should then, after looking into his family affairs and financial condition, order him to pay so much per week. Aligned with this decision, the creditor should then be allowed to go to the debtor's employer and that treatment has been given to the man's weekly, daily or monthly wages. It should not, in my opinion, be necessary for the creditor to go to any more legal expense in enforcing his money."

"Do not think that the judgment procedure, which makes a debtor liable to imprisonment for contempt of court if he refuses to pay a debt when ordered to, is of much use. I have practiced law in Ontario, where this system is in force, but I have never heard of a man being sent to jail for the offence. Nor have I in the course of my practice collected a dollar from a debtor simply because he was threatened with imprisonment."

In regard to collecting debts from homeowners, the speaker stated that at the present time the homeowner was exempt from seizure as were also farm implements, horses, and machinery, with which the farmer actually obtained his livelihood. He did not think that the government would pass legislation which would make the farmer's household liable to seizure for any kind of debt, since the government was upheld by the farmers vote.

"This measure is a sound one, from the farmer's point of view," said the speaker, "but it does not seem quite so sound when you consider the case of the merchant who supplies the breadstuffer with the necessities of life when the latter has no money to pay for them. It would be difficult to make any radical change here, but I think that the law should make a distinction between debts incurred for necessities which are payable for honest business men, I think that the creditor should be given a hold on the debtor's household if the latter refuses to pay. Although I do not think that the creditor should be given the right to enter the man's land for sale until a certain number of years have elapsed, and the homeowner has had every opportunity to pay the debt he owes."

HAS PROPRIETOR
OF LAKVIEW HOTEL
VAMPOURED FOR GOOD?

Strange things have been transpiring in the peaceful town of Bitters Lake. About two months ago, Thomas Harrison, of New Westminster, B.C., made a deal with Jack Peter to take over the Lakview Hotel. The purchase price was \$17,000, in part payment for which Mr. Harrison gave Mr. Peter the title to 2,000 acres of New Westminster real estate producing property.

Mr. Harrison was given possession of the hotel directly after the deal. Last week, however, he took his train presumably for the coast and has not been heard of since. It was reported that Mr. Harrison had come away to get some money to meet his obligations, but it seems strange that his son, who has only recently returned, should take steps to take the "lone" cellar at one o'clock at night and convey all the liquor and other furniture to his home.

The younger Mr. Harrison tried to make a getaway after this alleged act, but was arrested in Wetaskiwin. He was taken to the jail at Wetaskiwin, where he is now being held. Apparently the Harrisons have neglected the principle that in a method of meeting business reverses and disappointments is to run away from them.—Canadian.

Kidneys Wrong?—

If they are you are in danger. When through weakness or disease the kidneys fail to filter the impurities from the blood, trouble comes on. Backache, Rheumatism, Sciatica, Gravel, Diabetes, Catarrh of the bladder, Bright's Disease are some of the results of neglected kidneys. Dr. The Retail Merchants' association at Calgary, Major Duncan Stuart explained the small debts legislation which business men of this province are urging the provincial government to pass. He showed the retailers where the present legislation was ineffective, and pointed out just what amendments would be necessary in his opinion to protect the merchants as much as possible from unscrupulous buyers.

COMMUNICATION

To the Publisher, Wetaskiwin Times Sir:

I wish to call public attention to the way in which some of the homeowners in the Yeoford district are being treated by those in authority. About three years ago a number of settlers went into that district and in them spent three weeks in making roads and bridges over creeks to their homesteads before they could take in a team and wagon and until last year these settlers have had to haul their supplies including feed for their horses from Wetaskiwin, a distance of over fifty miles. The land upon which the homesteaders made entry is in great part thickly covered with brush, and in other parts is covered with fallen logs, partly due to fire and partly to natural decay, and the work involved in clearing the land is most severe and can only be slowly done. Some of these settlers have now received notices from the Dominion Lands office stating that it has been reported that they are not complying with the regulations and calling upon them to show up their entry should not be cancelled.

Who is responsible for this action on the part of the government officials? Have policies anything to do with it? An ignorant politician in Wetaskiwin, who is supposed to be on the pay roll of the Conservative party, recently told me that he had been put here to look up everything and see that the Liberals do not steal any more, and referring to these settlers, he said, "We are to clean them out, please, out, as they have been up and down the law." If anyone wishes to know to whom I refer I shall be glad to give him full information at a personal interview and also a good deal of other information in connection with the way in which policies have been used on behalf of the Conservative party to secure supporters among the settlers.

There is a very strong feeling in the Yeoford district about the treatment of the settlers by the government officials and it is believed that this treatment has been given to the settlers for party reasons. Some of the settlers have indicated their intention to leave the country and to go to the States against coming to this province to settle owing to the treatment which they have received. This country is that, a settler west of Pigeon Lake will be kept out of the province will suffer.

C. H. HARRISON.
GET RID OF THE FLY
One hundred and twenty-three British health officers have united in protest against the inefficiency of "ram" patens against the house fly by exterminating the pests one by one. They point out what must all along have been apparent, that it is of little use to kill one or even a dozen flies, until still leave many more to continue their multiplying processes by breeding in the filthy conditions which favor their propagation. The modern fly-killing is largely a matter of newspaper creation. As a subject for children's competitions it has even been possible to enter.

Entered with postal ticket. Kind entered such competitions with zeal in the hope of winning prizes. In so far as some flies were killed, good was done, but, as these British health authorities point out, the only really effective method of ridding a community of flies is to prevent the fly by the adoption of cleanliness about the house and house surroundings.

A few flies can breed faster under favorable conditions than many regiments of children could destroy by the individual killing process. The only actual remedy is to make impossible the breeding of flies. Remove the breeding place and the fly will not be born to poster and annoy and to carry disease and death to his wake. Judicious prevention will be much more effective than the willing work of hands and nubile feet.

The time to attack the fly is now; before the warm weather coaxes him from his winter hiding place, not the heat of July, and August, when he has multiplied himself many thousands of times.

Watch Your Liver.
If It Is Lazy, Slow or Torpid
Stir It Up By the Use of
Milburn's Laxa-Liver Pills.

A lazy, slow or torpid liver is a terrible affliction, as it holds back the bile, which is required to move the bowels, and lets it into the blood instead, thus causing Constipation, Catarrh of the Stomach, Sick Headache, Langour, Pain under the Right Shoulder, etc.

Mr. Wesley Estabrooks, Midgie Station, writes: "I have been suffering for a long time, troubled with pains in the liver. I have had medicine from several doctors, but was only relieved for a time by them. I then tried Milburn's Laxa-Liver Pills, and I have had no trouble with my liver since. I can honestly recommend them to every person who has liver trouble."

Milburn's Laxa-Liver Pills are 25c a box, or 50c for \$1.00, at all dealers, or mailed direct on receipt of price to The T. Milburn Co., Limited, Toronto, Ont.

Newby, East Railway Street near flour mill.

nesday, May 6. The two men were seen to leave the city in a similar vehicle and to be delivered on May 7. He received from Wallace \$300 deposits and from Price & Walls \$400. Neither man saw the hogs as they considered it his word good, but as Coleman failed to make delivery, an investigation was started, which resulted in a warrant being issued for the two men. It is rumored that there were only small speculations compared with others. Large accounts never heard of before, are looming up and it is believed that his spoil will amount to over \$50,000. No definition has yet been taken by the creditors. Most of the speculators are now in a state of amazement.

Albert Livingstone, hotelkeeper. Ferintosh, has made an assignment for the benefit of his creditors.

3,000 MEN NEED A LOT OF FEEDING

From June 16 to 27, nearly 3,000 of the citizen soldiers of the province of Alberta will be encamped at Calgary in the vicinity of the city reservoir on the southwest outskirts. It is expected that the boy scouts will join the martial training.

Alid, S. G. Frenze has been notified by the Dominion government that his tender for the supply of all groceries and provisions to be used at the camp has been accepted.

It is estimated that the men under canvas will consume, among other things, 15,000 lbs. of potatoes, 30,000 lbs. of flour, 10,500 lbs. mixed vegetables, 5,400 lbs. sugar, 2,000 lbs. of bacon, 5,150 lbs. jam, 4,900 lbs. butter, 2,570 lbs. cheese, 1,975 lbs. split peas, 1,550 lbs. salt and 1,760 ounces pepper.

One hundred pounds of yeast and 500 gallons of coal oil will also be included among the supplies.

All the bread used by the camp will be turned out of their own bake ovens on the grounds.

A tir round up of wild and stray horses on the Blood Reserve in Southern Alberta, commencing on Monday next has been organized. It is expected that the round up will occupy about ten days. The Blood Indian Reserve is some 1,500 square miles in extent, being about 60 miles in length and from 14 to 25 miles wide. It is estimated that there are some 300 head of horses running wild on the reserve. It is ten years since the last round-up took place, and at that time there was no law under which the horses could be disposed of when caught if the owners did not claim them. The only thing that could be done was to turn the horses loose again in the foothills which was done near Cowley. Under the Miscellaneous Animals Act passed by the Alberta legislature last session, power is given to the minister of agriculture to dispose of the animals for which no owners are found by selling them at public auction. Of the 300 horses now running wild on the reserve it is expected that owners will be found for all except about 75 head.—Albertan.

PIMPLES
Are an
"EYE SORE."

Pimples are caused by the blood being out of order. These little festering sores appear on the forehead, on the nose, on the chin and other parts of the body, and although they are not a dangerous trouble they are very unsightly to both you and your friends.

There is only one way to get rid of them, and that is to purify the blood. Burdock Blood Bitters is without a doubt the best remedy on the market for this purpose.

Wm. F. Donohue, Jr., Hamilton, Ont., writes: "About six months ago my little son's face was literally covered with pimples. I tried every preparation was told of by my friends, but to no avail. Soon I thought I could not have them fixed up, and would have to wait and let him grow out of them, but thanks to Burdock Blood Bitters they are all gone, and I gladly recommend it to anyone."

Burdock Blood Bitters is manufactured solely by The T. Milburn Co., Limited, Toronto, Ont.

EDMONTON LETTER

Edmonton, Alta., May 18.—Exploration of the hinterland of Alberta and the vast untraversed territory between the 60th parallel of latitude and the Arctic Ocean, will be continued this season by officials of the geological and meteorological service the fisheries department and the geological and topographical survey of the Dominion government. Several parties are already in Edmonton to outfit for trips of from five to six months' duration in the northern wilderness.

One of the parties is headed by John Pattison, of the Toronto surveyors, who is journeying to the Arctic Ocean in connection with international work in the study of air currents in the Eskimo region. He is accompanied by George Hall Ingram, who is studying the natural history of the far northern areas with a view to placing his discoveries at the disposal of scientists. The outfit will include a trip of 1,000 miles by canoe on the Athabasca and Mackenzie rivers.

Charles Cammell, of the geological survey, who was born at Fort Simpson, at the confluence of the Mackenzie and Liard rivers, in northern Alberta, will make a map of the unexplored mineral territory in the Mackenzie river basin.

C. D. McVelly, of Edmonton, will be head of a party of three explorers on an expedition to the east shores of Hudson and St. James bays. They will be accompanied by a party of three porters, and will be under the command of the Dominion government to ascertain the actual commercial value of fish in these waters.

Another voyageur for the far north is H. A. Conroy, Dominion inspector.

PAIN IN MY BACK IS ALL GONE

Since I Got a Box of Gin Pills

CHURCH ST., CORNWALLIS, N.S. January 2nd.

"About a year ago, I was suffering so much with a dreadful one back and hip pain, that I could not stand up straight. I was informed by a friend about GIN PILLS. I got a box, and I hoped me immediately. I have taken about 10 boxes, and the pain in my back and hips are all gone. I can now speak to you highly of the wonderful effects of your GIN PILLS."

C. D. DAVID,
Liniment and plaster won't cure my back and hip pain because they never reach the part that is causing the pain. The whole trouble is with the kidneys and you must cure the kidneys to stop the pain. of treaty aids, who is on his annual treaty paying trip among Alberta's Indians in the hinterland. He will visit the various posts in the district, going as far north as Fort Simpson, returning to Edmonton the latter part of September or early in October.

Edmonton, Alta., May 18.—James E. Buckley, a wealthy livestock raiser, lately of New Zealand, announced in Edmonton today that he had completed arrangements for a large tract of land 50 miles north of here, where he will establish a sheep ranch, beginning with 10,000 sheep this season. New Zealand cattle is interested in the project. Buckley had a conference with Hon. Duncan Marshall, minister of agriculture for Alberta, and W. F. Stevens, provincial livestock commissioner, who promised to give him and his sheep 50,000 acres of land, either by purchase or by lease, in the new industry in this part of the country. It was announced today that three post-ranches will be established in central Alberta this season.

Edmonton, May 18.—"Professional agitators" connected with the Independent workers of the World, are directly responsible for the large influx of unemployed laborers in Edmonton this morning, said W. J. Magrath, president of the Edmonton Industrial association, today. "These firebrands are doing everything possible to embarrass our civic and provincial authorities," he continued, "but these officials are determined that the experiences of cities in the United States shall not be repeated here. We have never invited or encouraged unskilled laborers or artisans to come to Edmonton, unless they desire to engage in mining, either as laborers or settlers. We have offered to place 1,000 men on farms in Central Alberta at once, but that is not what these ring leaders of the I.W.O.'s want. Their sole aim and ambition is to start trouble and nothing else will do."

CAMROSE
(From the Canadian)

Ragnar, a Norwegian who has lived in Camrose for about a year was found dead in his shack on Monday afternoon on Thompson St. Mr. McMillan went to the shack on Monday to see his tenant and was surprised to find him lying in bed unable to get up. The jury, after reviewing the body and hearing the evidence, decided that a post mortem be held. Convulsions and heart failure are supposed to be the cause of death.

D. Sampson has shipped two carloads of potatoes, 1800 bushels, to southern Alberta.

At a recent meeting of the quarterly board of the Methodist church, the board showed their appreciation of the services of Mr. J. C. Butler by giving him an increase of \$20 in his salary for the ensuing year.

Another joint meeting of the town council and board of trade and the school board was held in the club rooms on Saturday when a proposition was advanced by Dr. J. C. Miller was endorsed and the board of trade recommended to include it in their undertakings for the year. Dr. Miller explained that Mr. New, organizer of the Hands Across the Sea movement, had been in Edmonton last week and had aroused considerable interest in the establishing in London, Eng., a sort of Imperial Educational Club to serve as a nucleus for educationalists from overseas. The object is that in this building educationalists may find accommodation and have arrangements made to visit in the building in the old country. The building is to have about 150 rooms furnished by educational authorities throughout the empire. The room is named after the city or town furnishing the same. The cost varies from \$125 to \$300 according to the quality of furnishings. Before the meeting concluded, it was understood that the board of trade will take up the proposition to the effect of at least \$150, provided the fullest expectations from the town council regarding the annual grant is realized.

PLEASANT TOWN

In the death of Mrs. Jarzen Elzane, this district lost one of its most highly respected citizens. Her death was a surprise to the neighbors as they did not know of her serious illness. Mrs. Elzane was 74 years old, and a native of Norway. She came to Boreas. She was married to her surviving husband 38 years ago. They moved to South Dakota in 1885 and in 1902 moved to Camrose, where she lived at Crooked Lake, near Wainwright, where they remained for three years, before coming to this district. She leaves a surviving husband and two sons and a daughter—O. L. Jacob and Geo. The deceased had been suffering from a long illness, but became worse in the early and was taken to the hospital at Ponoka for treatment, but she only remained there for a few days, when she died on Thursday, May 7. Funeral services were held at the house at one o'clock on the Sunday, and the body laid to rest in the cemetery. The bereaved ones have the sympathy of their neighbors.

CHANGE IN RURAL MAIL BOXES

As a result of the establishment of the parcel post system in Canada, the Post office department has decided to adopt a new rural mail delivery combined letter and parcel post box to meet the new conditions. A supply of these new boxes will be ready for delivery about the 15th of June. The price per box will be \$4.50. In order that the holders of present boxes may not suffer any hardship by reason of their having already paid \$3.00 for the "King Edward" box, they will be allowed (on their returning the automatic self-locking signal device and their paying an additional \$1.50 to the department) to get the new box, the department having undertaken to make good the balance of the purchase price, thus enabling the present box holders to procure a new box at the same price required of new subscribers. The automatic self-locking signal device is the circular piece of mechanism attached to the end of the box, in which the box rests and turns. The holders desiring to exchange their present box for the new one should forward the self-locking signal device and the additional \$1.50 to the post office inspector of their division, who will then forward a box of the new pattern.

Ma's a graduate of college, and she's read most everything. She can talk in French and German. She can paint and she can sing. Beautiful! She's like a picture! When she talks she makes you think of the sweetest kind of music, and she doesn't smoke or drink. Oh, I can't begin to tell you all the foibles she can quote. She says more than half the lay is in it, but Ma can't vote. When my ma is writing letters, ma must always linger near. To assist him in his spelling and to make his meaning clear. If he needs advice, her judgment, he always best. Every day she lives him pointers, mostly at his own request. She keeps track of legislation, and she takes on bonds and stocks. But she never takes a look at the sacred ballot box. Ma is wiser than our coachman, for she has a head for business. And I doubt if he could tell you who is governing the state. He has never studied grammar, and I'll bet he doesn't know. Whether Caesar lived a thousand or two thousand years ago. He could never tell us how to keep the ship of state afloat. For he doesn't know their such thing, but Ma can't vote. Mrs. Gooding does our cooking, for she has to help along. We're having one of her six children, tho' her husband's big and strong. When he gets a job, he only holds it. I'll be brave like my. Then he spends his cash for whiskey, or else gambles it away. I suppose his brain's no bigger than the brain of a pig. He'll trade his salt for a hot nut—but he can't vote. —Chicago Record Herald.

MISS RAMSEY WINS GOLD MEDAL IN PROVINCIAL W.C.T.U. CONTEST AT CAMROSE

Forty delegates were present at the second annual convention of the Women's Christian Temperance Union of the Central Alberta district, which was most successfully held in the Methodist church at Camrose, on Thursday and Friday of last week. The officers elected for the year were: Pres., Mrs. E. M. Sharpe, Lacombe; vice-pres., Mrs. Graves, Red Deer; corresponding sec., Mrs. Hughes, Olds; recording sec., Mrs. A. Keast, Innisfail; treasurer, Mrs. H. Paton, Camrose; and the union speaker, Mrs. McKinney, of Lethbridge.

One of the features of the convention was the address on Thursday evening by Mrs. McKinney on "Some of the things that hinder prohibition." Other valuable contributions to the two day program were papers by Mrs. Ayleworth of Olds on "Suffrage," by Mrs. Dunn on "Action," by Mrs. Fisher on "Education," and by Mrs. Dunsby on "How can my union best help in the prohibition campaign?" and by Miss Hartman on "Amusements for the Y." A paper on "Hindrances in our W.C.T.U.," was prepared by Mrs. Dunn of Didsbury and read by Mrs. Hughes.

On Friday evening the gold medal contest conducted by Mrs. C. G. G. of Olds, was held before a large audience in the Presbyterian church. Six contestants were entered for the gold medal, all of whom received their choice of selections in a very able manner. The judge was Mrs. M. G. G. of Olds, and Geo. P. Smith, M.P.P. Mr. Smith, in making the award said that the judges were unanimous in giving Miss Eva Ramsey, of Wetaskiwin, first place. Mr. Smith congratulated all the contestants in their efforts and hoped they would continue to work for such a worthy cause. Miss Ramsey's selection was taken from Joseph Connor's book "Black Rock."

The readings were interspersed with musical selections which contributed to make a most enjoyable program.

A Severe Cold Settled On Her Lungs.

Mrs. Geo. Murphy, Spence, Ont., writes: "I have had occasion to use Dr. Wood's Norway Pine Syrup, and can say it most certainly is a wonderful medicine. Last winter my little girl, just a year old, took a severe cold which settled on her lungs. I tried everything, and was almost in despair, when by chance I read of Dr. Wood's Norway Pine Syrup, and decided to try it. I got two bottles, and as soon as I started to use it I could see it was taking effect. I gave her three bottles in all, and they completely cured her."

DECISION OF IMPORTANCE TO THEATRICAL MEN

Lethbridge, May 16.—A decision of importance to the province generally as to the validity of a city by-law enjoining the payment of a license fee of \$1.00 on moving picture houses was today rendered by Mr. Justice Macleod, presiding at the supreme court civil session.

The case was a test one submitted by the city solicitor when J. Wilson, manager of the Shewan theater had refused to pay the city license on the ground that he had already paid a provincial license. His lordship held that the City of Lethbridge's by-law was valid, and that the provincial license, his lordship held, was not a license in the true sense of the word, but a mere fee for the licensing of moving pictures. The subsequent order in council in November, 1913 as to payment of license placed the city by-law according to the charter in September, 1913, in conflict with the provincial law. Therefore the by-law could not be lawfully enforced.

REMISE OF CHAS. L. HAGIN

One of the pioneers of the Battle Lake district passed away at the hospital in Edmonton on Sunday evening, in the person of Chas. L. Hagin at the age of 54 years and 6 months.

The demise came as a great surprise, as although he had not been enjoying his usual, robust health for some time, the deceased only went to the hospital about a week ago. Heart trouble is given as the cause of the death of the deceased.

He was a native of Norway, being born at So for, but left with his parents for Iowa when only four years of age.

Some years later he moved to North Dakota, where he lived for twenty years. In the year 1895, however he was seized with a great desire to see the Canadian Northwest, and joined the great throng of settlers who were looking over the country.

He selected a homestead at Battle Lake, on which the family reside, and shortly after he moved out to his new possession.

He leaves a sorrowing widow, an grown up family of three daughters and five sons to mourn the loss of a loving husband and father, namely: Mrs. Tom Spencer, Mrs. A. R. Knox of Killam, Mrs. E. W. Wilson, of Angus Ridge, and Henry, Oscar, Oliver, Carl and Roy, living at home.

The funeral took place on Tuesday morning from the 9:35 train, service being conducted in the Norwegian Lutheran Church and at the graveside by Revs. Postveit and Pocock.

The interment took place in the Wetaskiwin cemetery. A number of friends of the deceased were in attendance to pay their last tribute of respect to the departed.

The sympathy of the entire community is extended to the bereaved family.

CHANGES IN C.P.R. PASSENGER SERVICE

The summer time card of the C.P.R. passenger service will go into effect on May 31, when it is likely that the local passenger, No. 329 west-bound, will run right through from Hardisty to Edmonton on a little later schedule in the morning than was in effect. Returning from Miss Gilling vs. S. Blackmore and Mrs. Lake.

May 28, 7 p.m.—Mr. Peckold and Miss McDonald vs. Mr. Cutler and Mrs. Lake.
May 29, 7 p.m.—Mr. Chamberlain and Mrs. Lake vs. Mr. West and Mrs. Ramsey.

May 30, 7 p.m.—Mr. Russell and Miss O'Brien vs. Mr. Ramsey and Mrs. Finch.
May 31, 7 p.m.—Mr. Peckold and Miss McDonald vs. Mr. Cutler and Mrs. Lake.

COUNCIL MEETING

OF L.I.D. No. 458.

A regular meeting of the council of L.I.D. No. 458 was held in the office of the secretary on Saturday last, with the following members in attendance: Chairman Dours, and Councilors Thompson, Rasmussen, Gibson and Grainer.

After the adoption of the minutes of the last meeting, Chairman Dours informed the council that Mr. McNamara, of Edmonton, would grant the sum of \$15.00 in gold, or a free trip to Edmonton, as his guest, to the winner in the gopher competition.

After a brief discussion, it was moved by Gibson—Rasmussen, that the offer be accepted, and that a hearty vote of thanks be tendered Mr. McNamara for his generous assistance in helping to exterminate this pest to the farmer. Carried unanimously.

The resignation of D. A. Ward as secretary-treasurer was then presented, and on motion of Thompson—Gibson, was accepted.

It was moved by Thompson—Greiner, that Chas. D. Emman be engaged as secretary-treasurer at the rate of \$30.00 per year, and that he be instructed to procure bonds in the sum of \$1200.00.

Meeting adjourned until Saturday, May 23.
